

City of Crystal Lake
HISTORIC PRESERVATION COMMISSION
Certificate of Appropriateness

Project Name: #2019 Van Natta House, North **Address:** 127 College Street

Owner/Applicant: Stefano Liparoto

Plan Type: No plan, explanation of exterior work to be performed.

Ordinance Requirements: For landmarked buildings, the City's Historic Preservation Ordinance requires a Certificate of Appropriateness, to be issued by the Historic Preservation Commission, if work would be completed to the structure, which would require a building permit. The proposed exterior repairs would necessitate a Certificate of Appropriateness.

Background Information: Constructed in 1885 as the German Lutheran School. By 1906 the facility could no longer hold the student population and the structure was split into two separate homes. It is an example of folk Victorian architecture. The house was landmarked in 1998.

The house features a prominent cross gable configuration with granite fieldstone foundation, narrow clapboard siding and wide racking cornice. It is a good representation of "Symmetrical Victorian" architecture.

Project Description: The property owner is repairing the south side with repairs to the shiplap wood, the wooden window frames and sills and general painting and repair.
