Getting Started

Community Development has launched an online system that utilizes Accela software. The customer-friendly portal for Crystal Lake Community Development services is called *ez APP*. You can access Crystal Lake online services at Crystallake.org or with the direct link: <https://aca3.accela.com/crystallake/default.aspx>

Layout and Navigation

ez App is organized, as you see in the picture below:

A screenshot of the ez APP website interface. At the top right, there are links for "Accessibility Support", "Register for an Account", and "Login". Below these is a search bar. The main navigation bar includes "Home" and "Building". Under "Building", there is an "Advanced Search" section with input fields for "User Name or E-mail:" and "Password:", and a "Login »" button. Below the login fields are links for "Remember me on this computer", "I've forgotten my password", and "New Users: Register for an Account". The central content area features the "ez APP" logo, a welcome message, and a section for "Anonymous Users" with a list of services: "Search Applications" and "Schedule an Inspection".

Without registering for an account you can:

- Perform property searches
- Perform application searches by request type
- Perform application searches by address
- Perform application searches by applicant
- View Development Application information such as project name, status, and description with comments

Registering for an account gives you access to additional features:

- Apply for Development Applications
- View request detail such as review status; review comments; meeting dates and results
- Create Delegates (other users you give permission to perform actions on your behalf)

Announcements

Announcements are important messages the City would like to relay to you (messages such as holiday closures, business hour changes, etc.).

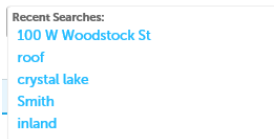

Searching

The City of Crystal Lake's Citizen Access will refer to "records". A record can be an application, site concern, etc. You can search the City's development application database records a few different ways.

The easiest method is Global Search. The search bar is always located towards the top of the screen: You can use this search feature by inputting record / petition number, address, owner, contractor, development type, etc. to get all matching results from the database, regardless of the department originating the record.

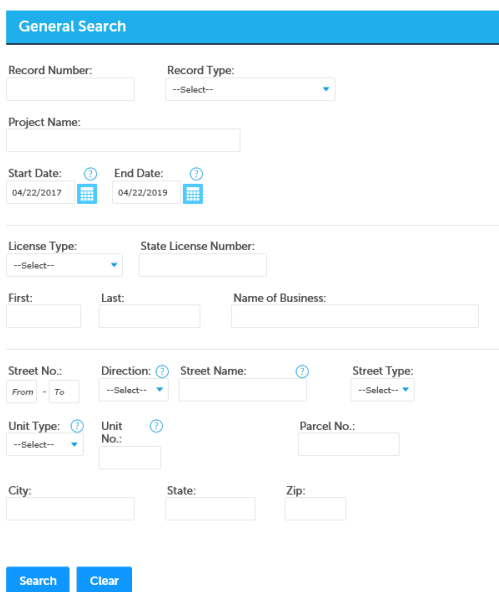

Another useful feature of the Global Search is easy accessibility of your recent searches. Just hover over the down-facing arrow to see your recent entries.

You may also select the Advanced Search drop down or the Search Application button.

Each of the options will open a search criteria window as shown below. You can enter as little or as much information as you wish to refine your results.

Register for an Account

To register for a new user account you may select either link on the home page.

A screenshot of the City of Crystal Lake website's registration page. At the top right, there are links for "Accessibility Support", "Register for an Account", and "login". Below these is a search bar containing "100 W Woodstock St". A navigation menu includes "Home" and "Building". An "Advanced Search" bar is present. A login form has fields for "User Name or E-mail:" and "Password:", with a "Login »" button. Below the form are checkboxes for "Remember me on this computer", a link for "I've forgotten my password", and a link for "New Users: Register for an Account". The main content area features the "ez APP" logo (a yellow checkmark in a blue box) and a welcome message: "Welcome to the City of Crystal Lake ez APP. We are pleased to offer our citizens, businesses, and visitors access to government services online, 24 hours a day, 7 days a week. To submit new applications, inspection requests, and code enforcement issues you must register and create a user account. As an anonymous user you can search Building, Fire, and Planning applications, and Code Enforcement cases for basic information such as the address, type of record, and the status. We trust this will provide you with a new, higher level of service that makes living and working in our community a more enjoyable experience." Below this is a section for "Anonymous Users".

Apply for a Development Application Online

Now that you have created an account, you can apply for a building permit.

- 1) Log in to your [ez APP](#) account.
- 2) On the page heading click on Planning and then click on Create an Application.

A screenshot of the website's navigation menu. The menu items are "Home", "Building", "Planning", "Enforcement", and "Fire". The "Planning" item is highlighted with a dark blue background and a white checkmark. Below the navigation menu is a horizontal bar with two buttons: "Create an Application" and "Search Cases".

- 3) After reading the disclaimer, indicate that you have read and accepted the terms. Click Continue Application.

I have read and accepted the above terms.

[Continue Application »](#)

- 4) Select a Record Type: On this screen you will choose the record type you would like to request. There are helpful tips on this page to help you determine the correct type. Once you have located the development application type click on the right arrow ▶ to expand the record type list.

▶ [Planning](#)

5) Select the button of the correct development application type and click Continue Application.

- ▼ **Planning**
- Annexation
- Cursory/Vacant Lot Analysis Review
- Historic Preservation
- Home Occupation Permit
- Limited Use Permit
- Planned Unit Development
- Plat of Subdivision
- PUD/Plat/SUP Extension
- Rezoning
- ROW Vacation
- Sign Variation
- Special Event/Temporary Use Permit
- Special Use Permit
- Special Use Permit Amendment
- Text Amendment
- Variation
- Zoning Verification Letter

6) Enter a description of the proposed work, any required fields marked with an asterisk and location information.

7) Add attachments. Click the “click here” under the Attachment Header and review the required documents based on your request type. Attach those required documents, then click Continue Application.

a) See the Electronic File Standards Tip Sheet for information on how to format attachments.

Attachment

****Project documents are required and your application may be returned if documents are missing.**

The maximum file size allowed is 100 MB.
Documents must be uploaded as a pdf

Name	Type	Size	Latest Update	Action
No records found.				

Add

8) Add owner information. You will need to manually type in the information.

- 9) Add applicant, architect, attorney, engineer or any contact related to the project to the contact list. If you are a contact for the request, please click Select from Account. Click Add New to add any other contact.

Applicant:

Kathryn Cowlin
 100 W Woodstock St
 Crystal Lake, IL, 60014
 kcowlin@crystallake.org

Project Description:

I want a 4 foot fence in my front yard.

Owner:

Katie Cowlin
 100 W. Woodstock St
 Crystal Lake IL 60014
 United States

▼ **More Details**

Application Information

GENERAL INFORMATION

Type of Request: Residential

PROJECT INFORMATION

Fence Location Variation: Yes

Please describe the circumstances or conditions that apply to your property and the hardship that would result if the Variance is not granted:

property slopes towards the west and in order for the 3-foot fence to remain the same height a portion would need to be 4 feet.

LOCATION INFORMATION

Does the property have a historic designation?: No
 Location Description: Woodstock Street and Walkup Ave
 Address if applicable: 100 W Woodstock

Processing Status

You can view the entirety of an application's workflow and review comments on a specific record by selecting 'Processing Status' under the 'Record Info' drop down. You can then see all the workflow steps and their completion dates. Completed steps will have a **green checkmark** next to them, whereas the current tasks will have an **hourglass** indicating that step has not been completed. You will see when the task is due, who it is assigned to, and any status updates. If there are comments, you may click on the plus sign [+] to see the entire comment.

Processing Status

 **Application Acceptance**

Due on 11/13/2019, assigned to TBD

Marked as Accepted on 11/06/2019 by Kathryn Cowlin

Comment: Accepted at this time, if additional information is required a member of staff will contact you.

 **Review Distribution**

- Building Review
- Fire Review
- Engineering Review
- Planning Review
- Public Notification
- Plumbing Review
- Public Works Review
- Review Consolidation
- Staff Report
- PZC Meeting
- City Council Report
- City Council Meeting
- Case Complete

View Attachments/Documents

If any attachments have been uploaded to the record, you will see them under the 'Attachments' section under the 'Record Info' dropdown. In most cases, you will be able to view or download a copy by clicking on the file name.

Attachments

****Project documents are required and your application may be returned if documents are missing.**

The maximum file size allowed is 100 MB.

Documents must be uploaded as a pdf

Name	Record ID	Record Type	Entity Type	Type	Size	Latest Update	Action

Site Plan Test.pdf	PLN-2019-00020	Final Plat	Record	Site Plan	1.15 MB	11/06/2019	Acti

Create Collections of Records/Permits

You are able to create collections of records for easy accessibility. For example, a project with a development application and multiple permits can have all related records viewable in one “collection”. After logging in, your collections are accessible at the top of every screen.

- 1) Log in to your [ez APP](#) account.
- 2) On the home screen click on ‘My Records’, and a list of all records associated to your account will be shown in a list. Use the checkboxes on the left to select the records you want to group into a collection, and click ‘Add’ to collection.

<input type="checkbox"/>	Date	Record Number	Record Type	Project Name	Address	Status	Action	Description	Expiration Date	Short Notes
<input type="checkbox"/>	04/22/2019	BLD-2019-00712	Instant Permit	TEST 2 - DO NOT DELETE OR PROCESS	100 W WOODSTOCK ST, CRYSTAL LAKE 60014	Plan Review		Test record for ez APP instructions 2	01/31/2019	

- 3) Enter a name for your group of records and enter a description if you want one, or choose an existing collection from the drop down menu.

Create a New Collection

* **Name:**

Description:

[spell check](#)

- 4) Click the “Add” button to create and submit the records into the new collection.

After creating collection, it will display on you home Dashboard. You will see a useful overview of the records you have put in the collection, including a summary of the fees, inspections, etc.
