Get the Most from Your Health Plan

Welcome to Blue Cross and Blue Shield of Illinois (BCBSIL), a leader in health care benefits. We have been helping people like you get the most from their health care plans for many years.

Read this guide to learn about benefits your employer is offering. Think about how you and your family will use these benefits. Learn more about products, services and how to be a smart health care user at bcbsil.com.

Your ID Card

After you enroll, you will get a member ID card in the mail. Show this ID card when you see a doctor, visit the hospital or go to any other place for care. The back of the card has phone numbers you might need.

Blue Access for MembersSM

Go to bcbsil.com/member and sign up for the secure member website, Blue Access for Members. Find the "Log In" tab and click "Register Now." Use the information on your ID card to complete the process. On this site, you can check your claims, order more ID cards, get health information and much more.

Save Money – Stay In-Network

Using independently contracted network providers can help you save. Look at your ID card to find your network. Then go to bcbsil.com to look for doctors, hospitals and other places for care.

Call Customer Service for Help

Our team knows your health plan and can help you get the most from your benefits. Just call the toll-free number on the back of your ID card.

The PPO Plan

With the PPO plan, you can choose any doctor whenever you need care

The PPO plan offers a wide range of benefits and the flexibility to choose any doctor or hospital when you need care. The plan includes an annual deductible that you must satisfy before your benefits begin. Qualified medical expenses are applied toward your deductible.

PPO Network

Access to the large network of contracting providers is one of the many reasons to select the PPO plan. The network includes hospitals, physicians, therapists, behavioral health professionals and alternative care practitioners.

You and your covered dependents can receive care from any licensed doctor, hospital or other provider. However, when you use a contracting network provider, you will pay less out of pocket, you won't have to file any claims and you will receive the highest level of benefits. If you use a doctor outside the network, you'll still be covered, but your out-of-pocket costs may be significantly higher.

Medical Care

Your benefits may include coverage for*:

- physician office visits
- breast cancer screenings
- cervical cancer screenings
- inpatient hospital services
- muscle manipulation services
- outpatient hospital services
- physical, speech and occupational therapies
- outpatient surgery and diagnostic tests
- maternity care
- behavioral health and substance abuse
- hospital emergency medical and accident treatment

To find a contracting doctor or hospital, just go to [bcbsil.com](https://www.bcbsil.com) and click on the Find a Doctor or Hospital tab to use the Provider Finder[®] tool, or call BlueCard[®] Access at **800-810-BLUE (800-810-2583)** for help. Once you become a member, you can also call the toll-free Customer Service number on the back of your member ID card.

Confused About Where to Go for Care?

SmartER CareSM options may save you money.

If you aren't having an emergency, deciding where to go for medical care may save you time and money.

You have choices for where you get non-emergency care — what we call SmartER Care. Use this chart to help you figure out when to use each type of care.

When you use in-network providers for your family's health care, you usually pay less for care. Search for in-network providers in your area at bcbsil.com or by calling the Customer Service number on your member ID card.

Doctor's Office

- Office hours vary
- Generally the best place to go for non-emergency care
- Doctor-to-patient relationship established and therefore able to treat, based on knowledge of medical history
- Average wait time is 18 minutes¹

\$

Retail Health Clinic

- Based on retail store hours
- Usually lower out-of-pocket cost to you than urgent care
- Often located in stores and pharmacies to provide convenient, low-cost treatment for minor medical problems

\$

Urgent Care Center

- Generally includes evenings, weekends and holidays
- Often used when your doctor's office is closed, and you don't consider it an emergency
- Average wait time is 16-24 minutes²
- Many have online and/or telephone check-in

\$\$

Hospital ER

- Open 24 hours, seven days a week
- Average wait time is 35-49 minutes (variable)³
- If you receive emergency room (ER) care from an out-of-network provider, you may have to pay more. Providers outside the network may "balance bill" you, which means they may charge you more than your health plan's fee schedule.
- Multiple bills for services such as doctors and facility

\$\$\$

Freestanding ER

- Open 24 hours, seven days a week
- Could be transferred to a hospital-based ER depending on medical situation
- Services do not include trauma care
- Often freestanding ERs are out-of-network. If you receive care from an out-of-network provider, you may have to pay more. Providers outside the network may "balance bill" you, which means they may charge you more than your health plan's fee schedule.
- All freestanding ERs charge a facility fee that urgent care centers do not. You may receive other bills for each doctor you see.⁴

\$\$\$\$

If you need emergency care, call **911** or seek help from any doctor or hospital immediately.

Urgent Care Center or Freestanding ER – Knowing the Difference Can Save You Money

Urgent care centers and freestanding ERs can be hard to tell apart. Freestanding ERs often look a lot like urgent care centers, but costs may be higher. A visit to a freestanding ER often results in significantly higher medical bills than the rate charged by urgent care centers for the same services.

Here are some ways to know if you are at a freestanding ER:

- Looks like urgent care centers, but have the word "Emergency" in their name or on the building.
- Is open 24 hours a day, seven days a week.
- Is not attached to and may not be affiliated with a hospital.
- Is subject to the same ER member share which may include a copay, coinsurance and applicable deductible.

Find urgent care centers¹ near you by texting² **URGENTIL** to **33633**.

¹"Freestanding ED 101: What you need to know" July 2016, The Advisory Board Company.

²The closest urgent care center may not be in your network. Be sure to check Provider FinderSM to make sure the center you go to is in-network.

Medical Plan Frequently Asked Questions

Q. Are my medical records kept confidential?

A. Yes. Blue Cross and Blue Shield of Illinois (BCBSIL) is committed to keeping all specific member information confidential. Anyone who may have to review your records is required to keep your information confidential. Your medical records or claims data may have to be reviewed (for example, as part of an appeal that you request). If so, precautions are taken to keep your information confidential. In many cases, your identity will not be associated with this information.

Q. Who do I call with questions about my benefits?

A. Call the toll-free Customer Service number on the back of your member ID card.

Q. How do I find a contracting network doctor or hospital?

A. Go to [bcbsil.com](https://www.bcbsil.com) and use Provider Finder®, or call Customer Service at the toll-free number on the back of your member ID card.

Q. What do I do when I need emergency care?

A. Call 911 or seek help from any doctor or hospital. BCBSIL will coordinate your care with the emergency provider.

Some options for non-emergency care include:

- **Your doctor's office** for health exams, routine shots, colds, flu and other minor illnesses or injuries.
- **Walk-in retail health clinics** available in retail stores. Many have a physician assistant or nurse practitioner who can help treat ear infections, rashes, minor cuts and scrapes, allergies, colds and other minor health problems.
- **Urgent or immediate care clinics** for more serious health issues, such as when you need an X-ray or stitches.

Urgent Care or Freestanding Emergency Room?

Urgent care centers and freestanding ERs can be hard to tell apart. Freestanding ERs often look a lot like urgent care centers, but costs are higher, just as if you went to the ER at a hospital. Here are some ways to know if you are at a freestanding ER.

Freestanding ERs:

- Look like urgent care centers, but have EMERGENCY in the facility name.
- Are separate from a hospital but are equipped and work the same as an ER.
- Are staffed by board-certified ER physicians and are subject to the same ER copay.
- Find urgent care centers¹ near you by texting² **URGENTIL** to **33633** and then type in your ZIP code.

Q. What should I bring to my first appointment with a new doctor?

A. Your first appointment is an opportunity to share information about your health with your new doctor. Bring as much medical information as possible, including:

- **Medical records and insurance card** — If you are undergoing treatment at the time you change doctors, your medical records are important to your new doctor. Your insurance card provides information about copayments, billing and Customer Service phone numbers.
- **Medications** — Give your new doctor information about prescription and over-the-counter medications, including any herbal medications you take. Be sure to include the name of the medication, the dosage, how often you take it and why you take it.
- **Special needs** — Make a list of any equipment or devices you use including wheelchairs, oxygen, glucose monitors and the glucose strips. Be prepared to explain how you use them, not only to make sure you have the equipment you need, but also to make sure that there is no disruption in your care.

Q. What questions should I ask if I am selecting a new doctor?

A. In addition to preliminary questions you might ask a new doctor — such as “Are you accepting new patients?” — here are some questions to help you evaluate whether a doctor is right for you.

- What is the doctor’s experience in treating patients with the same health problems that I have?
- Where is the doctor’s office? Is there convenient and ample parking, or is it close to public transportation?
- What are the regular office hours? Does the office have drop-in hours if I have an urgent problem?
- How long should I expect to wait to see the doctor when I’m in the waiting room?
- Are routine lab tests and X-rays performed in the office, or will I have to go elsewhere?
- Which hospitals does the doctor use?
- If this is a group practice, will I always see my chosen doctor?
- How long does it usually take to get an appointment?
- How do I get in touch with the doctor after office hours?
- Can I get advice about routine medical problems over the phone or by email?
- Does the office send reminders for routine preventive tests like cholesterol checks?

Q. What if I’m already in treatment when I enroll and my provider isn’t in the network?

A. We’ll work with you to provide the most appropriate care for your medical situation, especially if you are pregnant or receiving treatment for a serious illness. You may still be able to see your out-of-network provider for a period of time. Call the toll-free Customer Service number on the back of your member ID card for more information.

¹The closest urgent care center may not be in your network. Be sure to check Provider Finder to make sure the center you go to is in-network.

<p>GLOSSARY OF TERMS - We have described some of the terms used here to help you understand them, but you should make sure to read your benefit plan materials if you have questions.</p> <p>Amount Billed: The amount your provider billed for the service(s) rendered.</p> <p>Amount Covered (Allowed): Discounts, reductions, and amount covered (allowed) reflect the terms of your plan, and in the case of an in-network provider, the savings we have negotiated with your provider. Your deductible, coinsurance and copay are based on the allowed amount and the terms of your plan. Your share of coinsurance is a percentage of the allowed amount after the deductible is met.</p> <p>Coinsurance: The percentage of the allowed amount you pay as your share of the bill. For example, if your plan pays 80% of the allowed amount, 20% would be your coinsurance.</p> <p>Copay Amount (Also known as Copayment): The set fee you pay each time you receive a certain service. Some plans do not have copayments.</p>	<p>Deductible: The amount, if any, you must pay before we start paying contract benefits. You do not send this amount to us. We subtract this amount from covered expenses on claims you and health care professionals send us. Some services can be covered before the deductible is met.</p> <p>Non-Participating Provider: An out-of-network provider who does not accept rates for services we set to keep your costs down.</p> <p>Out-of-Pocket Limit (Maximum): Once you pay this amount in deductibles, copayments and coinsurance for covered services, we pay 100% of the allowed amount for covered services for the rest of the benefit period.</p> <p>Participating Provider: An in-network or out-of-network provider who accepts agreed-upon rates for services.</p> <p>Your Total Costs: This is the sum of your copay, deductible and coinsurance. It also includes any amounts not covered by your health plan. Amounts that a non-participating provider may bill you are not part of this</p>

Same Procedure, Different Cost and Potential Cash in Your Pocket!

Did you know that prices for the same quality medical services can differ by thousands of dollars within the same region and health plan network? Blue Cross and Blue Shield of Illinois (BCBSIL) provides **Member Rewards** – a program administered by Sapphire Digital that offers cash rewards when a lower-cost, quality provider is selected from several options.

- Compare it to where you park your car – the \$30 lot or the \$15 one just a few blocks away.
- Member Rewards allows you to shop for your health care services in a similar way, and as the following examples show, you can save money depending on where you go for care.
- Best of all – shopping with Member Rewards could help lower your out-of-pocket costs and help get you a cash reward.

Reward Eligible Procedure	Provider A Cost	Provider B Cost
Lab/Blood Draw	\$30	\$85
MRI of the Brain	\$682	\$2,723
Knee Replacement	\$17,003	\$47,617

Most of us look for value when we're shopping – why not apply this practice to shopping for health care services? Member Rewards uses Provider Finder® to help you reduce costs and take more control of your health care financial decisions.

What Is the Member Rewards Program?

Member Rewards – combined with Provider Finder, our nationwide database of independently contracted health care providers – can help you:

- Compare costs and quality for numerous procedures
- Estimate out-of-pocket costs
- Earn cash while shopping for care
- Save money and make the most efficient use of your health care benefits
- Consider treatment decisions with your doctors

How Does It Work?

1. Call a Benefits Value Advisor at the number on the back of your member ID card. Or shop online with Provider Finder by visiting **bcbsil.com**, register or log in to Blue Access for MembersSM and select **Find Care**.
2. Choose a Member Rewards eligible location, and you may earn a cash reward.
3. Complete your procedure and, once verified, you will receive a check within 4 to 6 weeks.

Questions? Call the number on the back of your member ID card.

Key Features

Ease of Shopping

- You can quickly find the information you need to help you choose a facility or service.
- Member Rewards is available via computer, smartphone and other mobile devices.

Cash Rewards

- It's easy to understand how much you could save with a reward option, based on location.
- After verification, Sapphire Digital will send you any earned reward check. Note that rewards are taxable.

Sapphire Digital is an independent company that has contracted with Blue Cross and Blue Shield of Illinois (BCBSIL) to administer the Member Rewards program for members with coverage through BCBSIL. Eligibility for rewards is subject to terms and conditions of the Member Rewards program. Amounts you receive through Member Rewards may be taxable. BCBSIL does not provide tax advice, so please contact your HR or tax advisor for more information. Members that have primary coverage with Medicaid or Medicare are not eligible to receive incentive rewards under the Member Rewards program.

BCBSIL makes no endorsement, representations or warranties regarding third-party vendors.

Health information in the palm of your hand

Blue Cross and Blue Shield of Illinois (BCBSIL) provides innovative digital platforms that deliver best-in-class member communications to increase awareness, engagement and efficient use of health care services.

Our texting program provides you with helpful health care messages, and lets you quickly access information and services you may need.

Using the latest in technology-based programming, we can send relevant, personalized information to help improve your health and well-being.

It's Okay to Need Help

Take care of your mental health to cope with what life brings your way.

If you struggle with thoughts or feelings that make it harder to get through your day, you're not alone. About half of people in the U.S. will suffer from a mental health issue at some point in their lives.¹

Care from a mental health expert can help you manage your emotions and deal with challenges.

Mental health is just as important as physical health.

Your health plan includes access to mental health care like therapy and medicines that might help. You and your family members can get support for issues such as:

- Depression
- Anxiety and panic attacks
- Substance use
- Attention deficit (ADHD/ADD)
- Autism
- Bipolar
- Eating disorders

Your journey is one-of-a-kind.

Whether you need support to get through everyday life or a major crisis, seeking help is the first step to getting better.

Find a provider who can help get you where you want to be.

- 1. Go to bcbsil.com.**
- 2. Then, click **Find a Doctor or Hospital**.**

When you're
ready, we're here.

Taking the first step isn't easy. But you don't have to take it alone. If you're facing a mental health issue, we have experts who can help you learn about your condition and treatment options. Your personal health details won't be shared with your employer. We can also help you find a provider and understand your mental health benefits.

Don't be afraid to reach out – call the Customer Service or behavioral health number on the back of your member ID card.

1. https://www.cdc.gov/mentalhealth/data_publications/index.htm

The Behavioral Health program is available only to those members whose health plans include behavioral health benefits through Blue Cross and Blue Shield of Illinois. Check your benefit booklet, ask your group administrator or call the Customer Service number on the back of your member ID card to verify that you have these services. Member communications and information from the program are not meant to replace the advice of health care professionals. Members are encouraged to seek the advice of their doctors or behavioral health specialist to discuss their health care needs. Decisions regarding course and place of treatment remain with the member and his or her health care providers. Blue Cross®, Blue Shield® and the Cross and Shield Symbols are registered service marks of the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans.

24/7 Nurseline

Nurses available anytime you need them.

Health happens – good or bad, 24 hours a day, seven days a week. That is why we have registered nurses waiting to talk to you whenever you call our 24/7 Nurseline*.

Our nurses can answer your health questions and try to help you decide whether you should go to the emergency room or urgent care center or make an appointment with your doctor. You can also call the 24/7 Nurseline whenever you or your covered family members need answers to health questions about:

- Asthma
- Dizziness or severe headaches
- Cuts or burns
- Back pain
- High fever
- Sore throat
- Diabetes
- A baby's nonstop crying
- And much more

Plus when you call, you can access an audio library of more than 1,000 health topics – from allergies to surgeries – with more than 500 topics available in Spanish.

So, put the 24/7 Nurseline phone number in your contacts today, because health happens 24/7.

Take Your Health Personally — Take the Health Assessment

What do you take personally in life? Your family? Your work? A hobby? Add your health to the list by taking the Well onTarget Health Assessment.

Just a few minutes and a few personal details — how you eat, how you sleep, how you live your life — can give you a personalized map to your best health. You can find out your risks and your best options to avoid them. Your customized Personal Wellness Report can tell you how to go from good to better.

The Health Assessment (HA) consists of nine modules, which you can complete all at once or over time, as your schedule permits. These modules include questions about your:

- Diet
- Physical activity
- Tobacco use
- Emotional health
- Health at work and on the road

While it's not necessary, it would be helpful to have a few personal details on hand when you begin the HA, including your:

- Current height and weight
- Systolic blood pressure (top number) and diastolic blood pressure (bottom number)
- Total cholesterol level
- HDL cholesterol level
- Triglyceride level
- Blood sugar level
- Waist measurement in inches

Take Your Health Assessment Today

You can earn 2,500 Blue PointsSM* for taking your HA. Follow these simple steps to get started:

1. Visit **wellontarget.com** and log in. If you have an existing Blue Access for MembersSM (BAM) account, use your BAM username and password. If you aren't a registered user yet, click "Register Now" to create an account.
2. If you have not taken your HA, there will be a pop-up notification after you log in. You can also take your HA by clicking on "Start" in the "Health Assessment" box at the top of your dashboard. Once you have completed the HA, your reports will be available in this section.

How Will the Health Assessment Be Personalized?

You will begin by answering a few basic questions. Then, the HA will ask you more detailed questions based on your answers to the first set of questions. Your health status and lifestyle will determine which questions you will be asked.

Your answers will help tailor the Well onTarget Member Wellness Portal with programs that could help you reach your health goals. You can check your progress and earn Blue Points twice a year.

What Should I Do with My Results?

After completing the HA, you will receive a confidential Personal Wellness Report. This can help take the guesswork out of wellness. The report will show you how you are doing and give you healthy tips. You can even print out a Provider Report to share with your doctor.

When you know your risks, you can choose your best options to avoid them. When you know your strengths, you can decide to build on them.

Have questions about the HA or the Well onTarget program? Call **877-806-9380**.

Adult Wellness Guidelines

Making Preventive Care a Priority

Adult Health – for ages 18 and over

Preventive care is very important for adults. By making some good, basic health choices, women and men can boost their health and well-being. Some of these positive choices include:

- Eat a healthy diet
- Get regular exercise
- Don't use tobacco
- Limit alcohol use
- Strive for a healthy weight

Screenings	
Weight	Every visit or at least annually
Body Mass Index (BMI)	Every visit or at least annually
Blood Pressure (BP)	Every visit or at least annually
Cholesterol	Adults 40 to 75 years of age should be screened; or adults 20 to 39 years old who have risk for coronary heart disease. Talk with your health care provider* about the starting and frequency of screening that is best for you.
Colon Cancer Screening	Adults age 45-75 for colorectal cancer using: Guaiac Fecal Occult Blood Test (gFOBT) annually or; Fecal Immunochemical Testing (FIT) annually or; Fecal Immunochemical Testing (FIT)-DNA every 1-3 years or; Flexible sigmoidoscopy every 5 years or; Flexible sigmoidoscopy every 10 years with FIT annually or; Colonoscopy every 10 years or; CT Colonography every 5 years.** The risks and benefits of different screening methods vary. For details about pharmacy benefit coverage, call the number on the back of your Member I.D. card.
Diabetes Screening	Those with high blood pressure should be screened. Those who are overweight or have cardiovascular risk factors should be screened. All others should be screened starting at age 45.**
Hepatitis C (HCV) Screening	Once for adults age 18-79. Most adults need to be screened only once. Persons with continued risk for HCV infection (eg, PWID) should be screened periodically; and persons at high risk for infection
HIV Screening	Adults ages 18 to 65, older adults at increased risk and all pregnant women should be screened. Those 26-45 years of age, should discuss their options with their health care provider.

* A health care provider could be a doctor, primary care provider, physician assistant, nurse practitioner or other health care professional.

** Recommendations may vary. Discuss the start and frequency of screenings with your health care provider, especially if you are at increased risk.

Adult Health

Men and women are encouraged to get care as needed, make smart choices and make regular screenings a priority. That includes following a healthy lifestyle and getting recommended preventive care services. If everyone follows a game plan for better overall health, they'll be more likely to win at wellness.

In addition to the services listed in the Adult Health section, you should also discuss the recommendations shown in the chart to the right with your health care provider.

Immunizations (Vaccines)	
Tetanus Diphtheria Pertussis (Td/Tdap)	Get Tdap vaccine once, then a Td booster every 10 years
Influenza (Flu)	Yearly
Human Papillomavirus (HPV)	All Adults age 18-26, 2 or 3 doses depending on age at time of initial vaccination if not already given.** Those 27-45 should discuss options with their health care provider.
Herpes Zoster (Shingles)	Two doses of RZV starting at age 50, or one dose of ZVL at age 60 or over. Discuss your options with your health care provider.*
Varicella (Chicken Pox)	2 doses (if born in 1980 or later)
Pneumococcal (Pneumonia)	Ages 65 and over, one dose of PCV 13 and one dose of PCV 23 at least one year after PCV 13**
Measles, Mumps, Rubella (MMR)	1 or 2 doses for adults born in 1957 or later who have no evidence of immunity
COVID-19 Vaccine	The CDC recommends adults get the COVID-19 vaccine. Talk to your health care provider or pharmacist about the COVID-19 vaccine and when you should get it.
Women's Recommendations	
Mammogram	At least every 2 years for women ages 50 to 74 Ages 40 to 49 should discuss the risks and benefits of screening with their health care provider
Cervical Cancer Screening	Women ages 21 to 65: Pap test every 3 years Another option for ages 30 to 65: Pap test with HPV test every 5 years Women who have had a hysterectomy or are over age 65 may not need a Pap test*
Osteoporosis Screening	Women who are at an increased risk for osteoporosis should be screened at ages 65 and older.
Low-dose Aspirin Use	Ages 50-59 talk with your health care provider about low-dose aspirin use for the prevention of cardiovascular disease and colorectal cancer.
Intensive Behavioral Counseling	All sexually active adolescents and for adults who are at increased risk for sexually transmitted infections (STIs).
Men's Recommendations	
Prostate Cancer Screening	Discuss the benefits and risks of screening with your health care provider.**
Abdominal Aortic Aneurysm	Have an ultrasound once between ages 65 to 75 if you have ever smoked.
Low-dose Aspirin Use	Ages 50-59 talk with your health care provider about low-dose aspirin use for the prevention of cardiovascular disease and colorectal cancer.

You probably don't hesitate to ask your health care provider about nutrition and exercise, losing weight and stopping smoking. Other topics for discussion may include:

- Dental health
- Problems with drugs or alcohol
- Sexual behavior and sexually transmitted diseases
- Feelings of depression
- Domestic violence
- Accident/injury prevention
- Preventing falls, especially for ages 65 and over

* Recommendations may vary. Discuss screening options with your health care provider, especially if you are at increased risk.

The recommendations provided in the table are based on information from organizations such as the Advisory Committee on Immunization Practices, the American Academy of Family Physicians, the American Cancer Society and the United States Preventive Services Task Force. The recommendations are not intended as medical advice nor meant to be a substitute for the individual medical judgment of a health care provider. Please check with your health care provider for individualized advice on the recommendations provided.

** Coverage for preventive care services at no cost share may vary depending on your specific benefit plan and use of network providers. For questions, please call the Customer Service number on the back of your ID card.

Good health is a gift anyone would wish for a child, but it doesn't happen without your help.

Some things you can do to help keep your child well:

- Introduce good nutrition at an early age and be a good role model
- Encourage lots of play and physical activity
- Keep up with recommended vaccines

Blue Cross and Blue Shield of Illinois (BCBSIL) wants your child to be well.

Children's Wellness Guidelines

Laying the Groundwork for a Healthy Tomorrow

Children's Health

Put your child on the path to wellness. Schedule a yearly Well Child visit with your child's health care provider* following immunization guidelines. The health care provider will watch your child's growth and progress and should talk with you about eating and sleeping habits, safety and behavior issues.

According to the Bright Futures recommendations from the American Academy of Pediatrics, the provider should:

- Check your child's Body Mass Index percentile regularly beginning at age 2
- Check blood pressure yearly, beginning at age 3
- Screen hearing at birth, then yearly from ages 4 to 6, then at ages 8 and 10
- Test vision yearly from ages 3 to 6, then at ages 8, 10, 12, and 15

Help protect your child from sickness. Make sure they get the recommended vaccinations shown in the charts. If your child has missed vaccinations, ask your health care provider how to catch up.

Learn more. An additional source of health information is available at [healthychildren.org](https://www.healthychildren.org).

Please note: These recommendations are for healthy children who don't have any special health risks. Take time to check the following summaries of key preventive services.

*A health care provider could be a doctor, primary care provider, physician assistant, nurse practitioner or other health care professional.

Be sure your child is up-to-date on immunizations and health screenings.

Adolescents

As your children grow into adolescents, they should continue yearly preventive care visits for exams and scheduled immunizations. These visits give the health care provider a chance to:

- Discuss the importance of good eating habits and regular physical activity.
- Talk about avoiding alcohol, smoking and drugs.
- Screen for sexual activity and sexually transmitted diseases as appropriate.
- Screen for HIV between the ages of 15 and 18, or earlier if at increased risk.

More Exploring, Less Searching for Answers

Meet your guide to better health.

As a special benefit, you have access to a Blue Cross and Blue Shield of Illinois (BCBSIL) health advocate* – at no added cost to you.

Your advocate works with and for you – to remove barriers and cut through red tape in the health care system, so you and your family can get the care you need. Our goal is to make your health care journey a smooth trip.

You can talk to a health advocate 24/7, just call **877-245-5681**.

Health advocates can help:

- Guide you through a new diagnosis
- Find a doctor or specialist and get you an appointment
- Connect with mental health experts to manage stress, depression, autism, substance misuse or other mental health issues
- Answer benefit questions or solve a problem with a claim or a bill

Visit myhealth.myeve.com or download the MyEve[®] app to connect with a health advocate and see all your health benefits

*For medical emergencies, call 911. Health advocates and nurses do not give medical advice or take the place of a doctor's care. Talk to your doctor or health care professional about any health questions or concerns.

§Eve is an independent or separate company that has contracted with Blue Cross and Blue Shield of Illinois to provide named service for members with coverage through BCBSIL.

Blue Cross and Blue Shield of Illinois (BCBSIL) is required to provide you a HIPAA Notice of Privacy Practices as well as a State Notice of Privacy Practices. The HIPAA Notice of Privacy Practices describes how BCBSIL can use or disclose your protected health information and your rights to that information under federal law. The State Notice of Privacy Practices describes how BCBSIL can use or disclose your nonpublic personal financial information and your rights to that information under state law. Please take a few minutes and review these notices. You are encouraged to go to the Blue Access for Members (BAM) portal at BCBSIL.com to sign up to receive these notices electronically. Our contact information can be found at the end of these notices.

HIPAA NOTICE OF PRIVACY PRACTICES – Effective 9/23/13

YOUR RIGHTS. When it comes to your health information, you have certain rights.

This section explains your rights and some of our responsibilities to help you.

Get a copy of your health and claims records

- You can ask to see or get a copy of your health and claims records and other health information we have about you. Ask us how to do this by using the contact information at the end of this notice.
- We will provide a copy or a summary of your health and claims records usually within 30 days of the request. We may charge a reasonable, cost-based fee.

Ask us to correct health and claims records

- You can ask us to correct your health and claims records if you think they are incorrect or incomplete. Ask us how to do this by using the contact information at the end of this notice.
- We may say “no” to your request. We’ll tell you why in writing within 60 days.

Request confidential communications

- You can ask us to contact you in a specific way or to send mail to a different address. Ask us how to do this by using the contact information at the end of this notice.
- We will consider all reasonable requests and must say “yes” if you tell us you would be in danger if we do not.

Ask us to limit what we use or share

- You can ask us **not** to share or use certain health information for treatment, payment or our operations. Ask how to do this by using the contact information at the end of this notice.
- We are not required to agree to your request, and we may say “no” if it would affect your care.

Get a list of those with whom we’ve shared information

- You can ask for a list (accounting) for six years prior to your request date of when we shared your information, who we shared it with and why. Ask us how to do this by using the contact information at the end of this notice.
- We will include all the disclosures except for those about treatment, payment, and our operations, and certain other disclosures (such as any you asked us to make). We will provide one accounting a year for free, but we may charge a reasonable, cost-based fee if you ask for another one within 12 months.

Get a copy of this Notice

- You can ask for a paper copy of this notice at any time, even if you have agreed to receive the notice electronically. To request a copy of this notice, use the contact information at the end of this notice and we will send you one promptly.

Choose someone to act for you

- If you have given someone medical power of attorney or if someone is your legal guardian, that person can exercise your rights and make choices for you.
- We confirm this information before we release them any of your information.

File a complaint if you feel your rights are violated

- You can complain if you feel we have violated your privacy rights by using the contact information at the end of this notice.
- You can also file a complaint with the U.S. Department of Health and Human Services Office for Civil Rights by calling 1-877-696-6775; or by visiting www.hhs.gov/ocr/privacy/hipaa/complaints/ or by sending a letter to them at: 200 Independence Ave., SW, Washington, D.C. 20201.
- We will not retaliate against you for filing a complaint.

YOUR CHOICES. For certain health information, you can tell us your choices about what we share.

If you have a clear preference on how you want us to share your information in the situations described below, tell us and we will follow your instructions. Use the contact information at the end of this notice.

In these cases, you have both the right and choice to tell us to:

- Share information with your family, close friends, or others involved in payment for your care
- Share information in a disaster or relief situation
- Contact you for fundraising efforts

If there is a reason you can't tell us who we can share information with, we may share it if we believe it is in your best interest to do so. We may also share information to lessen a serious or imminent threat to health or safety.

We never share your information in these situations unless you give us written permission

- Marketing purposes
- Sale of your information

OUR USES AND DISCLOSURES. How do we use or share your health information?

We typically use or share your health information in the following ways.

Help manage the health care treatment you receive

- We can use your health information and share it with professionals who are treating you.
Example: A doctor sends us information about your diagnosis and treatment plan so we can arrange additional services.

Run our organization

- We can use and disclose your information to run our organization and contact you when necessary.
Example: We use health information to develop better services for you.

We can't use any genetic information to decide whether we will give you coverage except for long-term care plans.

Pay for your health Services

- We can use and disclose your health information since we pay for your health services.
Example: We share information about you with your dental plan to coordinate payment for your dental work.

Administer your plan

- We may disclose your health information to your health plan sponsor for plan administration purposes.
Example: If your company contracts with us to provide a health plan, we may provide them certain statistics to explain the premiums we charge.

How else can we use or share your health information?

We are allowed or required to share your information in other ways, usually in ways that contribute to the public good, such as public health and research. We have to meet many conditions in the law before we can share your information for these purposes. For more information go to:
www.hhs.gov/ocr/privacy/hipaa/understanding/consumers/index.html
